SLIDING CONTROLLER BRACKET

Can be mounted on the
Left or Right Side of Desk
3 Programmable Presets

CONTROLLER MOTOR MOUNTING PLATE

Unlike the competition, who use wood screws to mount the motor directly to the underside of the desk top, we include a plate that attaches to our leg frame for mounting the controller motor with redundant Up/Down control

Heavy-Duty 3" Casters

With Plates, Not Posts
(2 locking and 2 non-locking)

28" Heavy Duty Feet

Accommodates
All-Size Tops

T Crossbar

For Extra Strength When Moving
Over Uneven Surfaces

**NEED A DESK TOP TO GO WITH THESE LEGS?
WE CAN BUILD ANY SHAPE, ANY SIZE WITHIN YOUR BUDGET AND TIME
FRAME. WHY SETTLE FOR LIMITED OR NO CHOICE STYLES?
JUST CALL US**
